

THE PUNT RULE IN THE MIDGET DIVISION ONLY

It has been brought to my attention that Punt rule in the Midget Division needs to be clarified.

STEP 1: The Head Coach and his captain meet with the game officials before their game for the traditional coin toss.

The head coach will inform the official that in any punt situation – His team will do (1) of the following:

- a. Use the Automatic Punt Rule
- b. Our team will actual punt the ball

Note: Whatever decision is made at the pre-game meeting stays that way the entire game for his team.
The decision is it for the entire game.

Defensive charge may only come from outside the tackles.
